

CHILDREN & THE COVID-19 VACCINE

Know the Risk - It can't be undone!

- Children are **NOT** at risk for **COVID-19!**
- The COVID-19 vaccine is **under emergency use authorization only**. It has not been thoroughly studied nor approved by the FDA. **It is EXPERIMENTAL.**
- Children **ARE** at **greater risk for myocarditis from the vaccine** than from COVID-19.
- VAERS (Vaccine Adverse Events Reporting System) reports **over 23,000 deaths from the vaccine** to date.
- If injury occurs, **you cannot sue**. Vaccine manufacturers are **immune from liability**.
- **Pfizer has a long history of criminal activity**. Do you trust them? They have not divulged the safety studies for the shot.
- Many **COVID-19 vaccine-injured are speaking out**.
